## ARE JAPANESE SHIPS HEMMED IN BY RUSSIA?

### Reported That Togo is Between Two Russian Squadrons Now.

#### Rojstvensky Has Eluded the Japs and the Big Battle Has Not Been Fought.

St. Petersburg, April 10.—There is reason to believe that Vice-Admiral Rojstvensky's entrance into the China Sea has been followed by orders for the cruisers Gromobol, Rossia and Bogatyr, which have been ready for some time at Vladivostok, to put to sea. Whether it is the intention to send them south immediately or to hold them in the vicinity of Vladivostok is not known. Their appearance outside the roadstead of Vladivostok would constitute a potential threat against Admiral Togo's rear, which will compel the retention in or dispatch of a number of heavy fighting ships to Japanese waters. Thus Admiral Togo seems to be virtually placed between two fires.

#### Togo Not Ready to Attack.

London, April 10.—The opinion is expressed at Togo will not attack Rojstvensky until the latter reaches Japanese waters.

#### May Be Bound For Vladivostok.

Tokio, April 10.—Rojstvensky is

not yet reported sighted by any of Togo's scouts since he passed Singapore. It is assumed that Rojstvensky will attempt to reach Vladivostok, where he can have his foul ships docked and prepared for the struggle that awaits them.

#### Has Strong Rendezvous.

Tokio, April 10.—It is the belief of naval experts that Rojstvensky has appointed a strong rendezvous in the Pacific, and will speedily quit the China sea, and sail to the east of the Philippines.

#### Russia's Last Card.

St. Petersburg, April 10.—Intense excitement prevails here. The people are waiting with feverish anxiety for news of the fleet. All the newspapers say that Russia has played her last stake in sending the fleet into far eastern waters. If Rojstvensky can elude Togo and reach the Japanese coast or defeat the enemy's fleet, the Russians position will be helped wonderfully. On the other hand the meaning of decisive defeat is well understood.

#### WIRES MELTED.

By a Severe Thunder Storm at Cumberland River Saturday Night.

One of the most severe thunder storms in the history of this end of the state occurred up about Cumberland river Saturday night, but so far as learned no one was killed.

Lineman J. W. O'Bryan, of the Postal Telegraph Co., was kept busy all day yesterday up about Kuttawa putting up the wires, which he states were literally melted in two in many places by the lightning. Three or four of the Illinois Central and Postal wires were burned in two and rendered useless, some of them burned in several places.

The electricity entered the Cumberland River telegraph station and burned the batteries, but injured no one. Today the wires were all in good working order again.

#### ROAD WORK.

Supervisor Johnson Expects to Gravel About Twenty Miles of New Roads.

County Road Supervisor Bert Johnson gave bond this morning for another two years and stated that he intended to do a great deal of new road building.

He will begin work graveling new roads about July 1st, when the farmers will have time to get out, and says he will gravel about 20 miles this year. Last year no gravel was placed on any new roads, but much gravel was spread on old roads for repairs. Mr. Johnson has been by far one of the most economical road supervisors the county ever had, and the magistrates have the utmost confidence in his ability.

## Aged Widow Lost \$300 in Fire and Had to Apply to Charity Club Today

Mrs. C. O. Forshee, the aged widow whose small frame store and home was burned in the fire at First and Kentucky streets late Saturday, lost everything in the world she possessed except the clothing she wore on her back and the small piece of ground on which stands the charred debris of her humble home.

Mrs. Forshee is a French woman who has lived here eight years or more.

Mrs. Forshee lived in a small frame structure just west of the Michael building on Kentucky avenue, and her place was totally destroyed, her clothes burned and \$300 in cash consumed by the flames. So destitute did it leave the widow that she was forced through necessity this morning to apply to the Charity club for aid, which was cheerfully

given her. Mrs. Forshee came to Paducah from Frankfort and has one son who worked at the dye business. He is now out of the city and the widow had lived alone since his departure carrying on a small business in her store, which also served her as a residence.

She was thrifty and had saved \$300, all the money she possessed and this was consumed in the conflagration.

The unfortunate widow is living with friends on South Seventh street now, and will try to sell her lot, which fronts 40 feet on Kentucky avenue. This is the only thing in the way of support she has and will have to dispose of it because of her financial condition, not being able to rebuild.

## CLERK GRAHAM NOT TO FILE CONTEST

### Issues Statement in Regard to "Doings" at Meeting.

Claims County Chairman Berry Was Attorney For His Enemies in Late Investigation.

#### SAYS HE WILL NOT CONTEST.

County Clerk Charles E. Graham, who several days ago declined to affirm or deny the report that he would contest the nomination of Mr. John W. Ogilvie for sheriff, today issues a statement explaining the action of his friends at the democratic county committee meeting Saturday, in which a motion was made to oust Chairman W. A. Berry and seat Mr. Graham, and declaring that he, Mr. Graham, will not contest Mr. Ogilvie's nomination, and never at any time intended to contest it.

Mr. Graham's statement in full is as follows:

"In answer to the contemptible, insinuating things said by W. A. Berry, chairman of the county democratic committee, I desire to say that at the request of myself and friends, W. A. Berry agreed to and did accept the chairmanship. At that time and up to the time that the law firm of Wheeler, Hughes & Berry was hired by L. D. Potter, sheriff, the said Berry was apparently my personal friend, but when an attorney fee took the place of friendship, an article appeared in the News-Democrat signed by Wheeler, Hughes and Berry, in which they sought to implicate me as county clerk by shifting the responsibility of crime, from the sheriff's office to errors in the county clerk's office. This was done during the latter part of the political campaign in which I was a candidate for sheriff.

W. A. Berry was at that time chairman of the democratic committee and at the same time hired as an attorney to write statements and cards of a political nature that were calculated to do me harm in my race for sheriff. On account of the facts above stated, twelve of my warm personal friends who are members of the democratic committee told me last Saturday that they were going to vote for me for chairman of the committee, and thereby retire W. A. Berry from the chairmanship and the only reason he was not retired was because he declared the motion out of order and did not permit a vote of the committee.

I was defeated for sheriff by Jno. W. Ogilvie, a good man, by 30 votes and am not in the least sore at Mr. Ogilvie or any other nominee. I have not told a living man that I expected to contest John W. Ogilvie's election, but on the contrary told many of my friends including Gus Rogers, who is a brother-in-law of Mr. Ogilvie, that I would vote for and support the said Ogilvie if he had defeated me by only one vote.

I will not only vote for every democratic nominee but will contribute both my means and time to secure their election.

I am a democrat and shall always support the nominees of the democratic party, regardless of the circumstances.

This is a personal matter between W. A. Berry and myself, and has no political significance.

(Signed.) CHAS. E. GRAHAM.

## A FREAK QUILT RESULTS IN PADUCAH MAN'S MARRIAGE.

Madison, Ind., April 10.—Richard Wilson, aged 32 of Paducah Ky., saw at the St. Louis world's fair a quilt with 126, 216 pieces made by Miss Lou Singer, aged 47, of Milton, Ky. He opened correspondence with her and yesterday came to her home and they were married.

#### BACK AGAIN.

Liberty of Jim McRae Was Very Brief.

James McRae, a petty larceny prisoner, in the county jail with 30 days to serve, got thirsty Saturday afternoon and made his escape. He remained at large until this morning when he was arrested again and returned to the jail. Jimmie is now under lock and key and will not be permitted the liberty of a "trusty" any more.

McRae had been in jail several months and was probably "dry." He was originally arrested for obtaining money by false pretenses and when the case was tried, a few days ago, got off with a thirty days petty larceny sentence.

Jailer Jones made a "trusty" out of McRae and Saturday afternoon he jumped over the high fence and escaped. He made his way to several saloons and began "tanking up." On his rounds he met several officers who did not know he was wanted and they passed him up. McRae enjoyed his brief period of freedom immensely and had about concluded that the jailer didn't really want his company any more, when nabbed again.

## FOREIGNERS AND DETECTIVES CLASH

### Bloody Riot Occurred Near Pittsburgh Yesterday.

#### Three Men Shot and a Woman Hurt When Attempt Was Made to Arrest the Woman.

#### RIOTING IN CHICAGO AGAIN

Pittsburg, April 10.—Three men were shot, one probably fatally and one woman injured in a riot at Schoenerville near McKee's Rocks yesterday. The rioting was the result of a clash between 15 detectives and about 1,200 foreign residents of Schoenerville.

The injured are:  
Harry Lukashewski, aged 24 years, shot through the side and stomach; may die.

Edward Rider, assistant chief of police of McKee's Rocks, hit on the head with a brick and seriously injured.

Name of the third man not known. Mrs. Agnes Sadna, a Polish woman, over the arrest of whom the riot started, was bruised in the scuffle, but escaped arrest.

During the arrest of some coal pickers last Friday by Lake Erie detectives Mrs. Sadna interfered and caused a small riot. The detectives were driven out of town.

Officials knowing they would have a battle, went in force to arrest Mrs. Sadna yesterday. She was found on the street with a four-year-old child in her arms, attempted to fight the posse, and called her countrymen for assistance.

The officers, after taking her into custody, were quickly surrounded by a large crowd of men.

The officers fired revolvers into the air. One thousand men, women and children, armed with every available weapon, drove the police and detectives into a vacant lot, where a stand was made. A second rush was made by the mob, but it was soon stopped by the wounding of Lukashewski and the posse allowed to get out of town.

#### More Rioting in Chicago.

Chicago, April 10.—The starting of wagons of the establishment of Montgomery, Ward & Co., today for the freight depots caused rioting. Labor sympathizers who impeded the progress of the wagons were clubbed and many policemen were injured by missiles thrown by the crowds. The strike may spread to the thousand drivers of the express wagons.

## CAPTURED AFTER TWENTY-FIVE YEARS

### Jim Holloway, Wanted in Christian County for Murder.

Killed Andrew Bradshaw in 1879—  
Had Since Lived About Paducah For Fifteen Years.

#### AN OLD OFFENDER IS BACK.

Jim Holloway, a negro about 60 years of age, after eluding the authorities for twenty-five years, was arrested this morning in Tyler, a suburb of Paducah on the Benton road, by Detective Will Baker, of Paducah, and Deputy Sheriff Clark, of Hopkinsville, Christian county, Ky., on a warrant charging him with the murder of Andrew Bradshaw, colored, in Christian county, in 1879. When arrested he quietly went with the officers to the lockup where he will be kept until tonight when the Christian county deputy sheriff will take him back for trial.

Holloway admitted to a Sun reporter this afternoon that he killed Bradshaw, but claimed it was an accident. He stated that the man he killed was a friend.

"You see, it was this way," he explained, "a white man gave me a bottle of whiskey to kill Bradshaw because he and Bradshaw had not been getting along very well together. I took the whiskey, drank it, and went to Bill Horton, a colored man, and borrowed his pistol. With the pistol in my side pants pocket I went in search of Bradshaw and found him shortly afterwards. As I was pulling the gun out of my pocket to kill him it went off and the ball lodged in the abdomen and killed him.

"Seeing what I had done, and feeling that I might be prosecuted, I left Christian county and came to Birmingham, Ky., and lived several years, later coming to Benton. Fifteen years ago I left Benton and vicinity and have been working about Paducah ever since, digging wells and doing odd jobs of common labor."

Holloway is well known here and no one suspected he was wanted. The Christian county authorities got to looking after him several months ago, having secured a clue that he was in McCracken, and when positive proof of his location was secured, the deputy sheriff came here and secured the services of Detective Baker, who located the negro.

Holloway says he will have no trouble in establishing the fact that the shooting was accidental, but Deputy Sheriff Harris thinks that a clear case of murder will be proven against him. Although it has been twenty-five years since the killing nearly all the witnesses are alive. The prisoner will be taken to Hopkinsville tonight.

#### Back Again.

Joseph Woodson, alias Jim Riley, alias Kelley, who was sent up from Paducah more than three years ago for housebreaking, is again under lock and key, this time on a charge of petty larceny. He was caught this morning at the Bud Quarles saloon near the I. C. depot, with his hands in the show-case trying to steal pipes. He was caught by Officers Ferguson and Wood and when brought to the hall was at once recognized.

The prisoner was arrested in Paducah for breaking into the Joe Goureaux saloon, the Louise Bodenheimer tailoring shops and another tailor shop located on Broadway near Fourth street. He was given one year for each offense and has been out of the penitentiary only a short time. When confronted by City Clerk Henry Bailey who was captain of the force at the time, Kelley appeared very nervous, and when he saw Clerk Bailey recognized him, he did not deny that he was Kelley.

#### McCracken Case Dismissed.

Frankfort, Ky., April 10.—In the case of McKee against the Palmer Transfer company, of McCracken county, an agreement was filed and the case dismissed from the docket. The case was compromised.

Nine men constitute a jury in Mexico, and a majority gives the verdict. If the jury is unanimous there is no appeal.

## MEDICAL SOCIETY

### Holds Another Meeting Wednesday Evening.

The McCracken County Medical society will meet Wednesday night in the office of Dr. H. P. Sights in the Fraternity building and Drs. Sights, Horace Rivers and C. E. Purcell will read papers.

The next subsequent meeting will be held on Wednesday night, April 26, in the offices of Dr. Phil Stewart and Dr. Johnston Bass, and after this meeting it is probable the society will begin meeting in the county. All winter meetings are held in the city while during warm weather they go to the county.

#### TO MAKE TEST.

### Railroad Officials to Witness Experiment This Week.

Mr. Maurice Herschheim, who has the formula for plating, tinning and otherwise treating iron, for which he was offered nearly a million dollars, has consented to give a test at the local Illinois Central shops one day this week. He has in preparation the necessary tanks and other paraphernalia necessary to demonstrate the value of the formula on a small scale and a number of railroad officials will be here to witness it.

There are no developments in the sale of the rights by the young man.

## HAD PRESENTIMENT

### MRS. C. W. ROBINSON DID NOT WANT HER HUSBAND TO GO TO WORK.

#### Former Paducah Man Died Sitting On a Powder Keg in the Zeigler Mine.

Mr. Bamberger returned today from Zeigler, Ill., and Crawfordville Ind., where he has been with his daughter, Mrs. C. W. Robinson. Mr. Robinson, who until Christmas resided in Paducah, was the mine electrician killed in the explosion at Zeigler a week ago today.

The burial took place at Crawfordville, Ind., the former home of the young man, and where Mrs. Robinson is now visiting his parents.

The Crawfordville News-Review of Thursday, says of the funeral and death of this popular former Paducahan:

"The remains of Charles W. Robinson reached home this morning accompanied by his father and widow. The former reached Zeigler Tuesday and was at the entrance of the mine when his son's body was brought out. In spite of the fact that the body was badly burned and discolored Mr. Robinson instantly identified his son. As stated, Charlie was the mine electrician and had gone down with the day shift in the performance of his regular duty.

"It seems the miners had some misgiving that everything was not right in the mine that morning, and Mrs. Robinson prompted by a presentiment, begged her husband not to go to work that day. He was somewhat apprehensive himself, but a sense of duty called, and laughing at her fears he bade her a cheery good-bye and left, never to return alive.

"When found by the rescuing party Mr. Robinson was seated on a powder keg near an air shaft. His arms were folded over his breast and from all indications death had been instantaneous.

"The funeral took place this afternoon at 2 o'clock at the Robinson home on East Market street. Revs. Paul Curnek and Geo. W. Switzer conducted the religious services and Mrs. Cullom and Mrs. Contant sang. The burial took place at Oak Hill."

#### Had Plenty of Ammunition.

Jim Harris, colored, was arrested today just in time to prevent possible trouble. Jim had a big pistol on him, the officers learned, and started after him. He was arrested and searched. Besides the ammunition in the pistol he had a pint of gin and pint of whiskey and was feeling pretty well, thank you.

# INDIGESTION?

I Offer All Stomach Sufferers a Full Dollar's Worth of My Remedy Free to Try.

I can afford to offer a full dollar's worth free because mine is no ordinary remedy. Ordinary remedies treat symptoms. My remedy treats the cause that produces the symptoms. Symptom treatment must be kept up forever—as long as the cause is there. My treatment may be stopped as soon as it has removed the cause, for that is always the end of the trouble.

Stomach trouble is not really a sickness, but a symptom. It is a symptom that a certain set of nerves is ailing. Not the voluntary nerves that enable you to walk and talk and act—but the automatic stomach nerves over which your mind has no control.

I have not room here to explain how these tender, tiny nerves control and operate the stomach. How worry breaks them down and causes indigestion. How mis-eaters wear them out and causes dyspepsia. How neglect may bring on kidney, heart and other troubles through sympathy. I have not room to explain how these nerves may be reached and strengthened and vitalized and made well by a remedy I spent thirty years in perfecting—now known everywhere by druggists, and Dr. Shoop's Restorative. I have not room to explain how this remedy, by removing the cause, puts a certain end to indigestion, belching, heartburn, insomnia, nervousness, dyspepsia. All of these things are fully explained in the book I will send you when you write.

In more than a million homes my remedy is known. It has cured stomach troubles not once, but repeatedly—over and over again. Yet you may not have heard of it—or hearing, may have delayed or doubted. So I make this offer if you are a stranger, that every possible excuse for doubt may be removed. Send me no money—make me no promise—take no risk. Simply write and ask. If you have not tried my remedy I will send you an order on your druggist for a full dollar bottle—not a sample, but the regular standard bottle he keeps constantly on his shelves. The druggist will require no conditions. He will accept my order as cheerful as though your dollar had been paid him. He will send the bill to me.

Will you accept this opportunity to learn at my expense absolutely, how to be rid forever of all forms of stomach trouble—to be rid not only of the trouble, but of the very cause which produced it. Write today.

For a free order for a full dollar bottle, you must address Dr. Shoop, Box A, 1719 E. W. State which book you want.

## PROF. ALEXANDER TO LEAVE PADUCAH

Has Accepted a Principalship at Lexington, Miss.

Is Advancement For Popular Young Educator—Leaves Two Vacancies Among Principals.

ELECTION WILL BE TOMORROW.

Prof. W. M. Alexander, principal of the Jefferson building at 8th and Harrison streets, this morning announced that he would not be an applicant for re-election as he had accepted an offer from Lexington, Miss., to act as principal in the high school. Prof. Alexander came to Paducah from Bowling Green and has been in the schools two years, performing his work with great satisfaction.

This is another proof of the popularity of the Paducah schools, and of the important place they are taking in the educational world. Within the past few years they have received more favorable notice from other cities, schools, colleges and universities than ever before and this is gratifying indeed to the board and those interested in the work and progress of the public schools.

This will require the election of two principals at the school board meeting tomorrow night when the trustees expect to elect for the next year, Miss Morgan, of the Longfellow building, having declined to be a candidate for principal again. Supt. Leib has a drawer full of written applications and all will be carefully gone over.

The offer from Lexington comes as a compliment to the young instructor, Prof. Alexander, because it means a raise in salary and also a more responsible position than he has here. The portion of the country about Lexington, Miss., is thickly populated, and while Lexington, itself is small, the schools are patronized by pupils from miles around, and the position of principal of the High school is second only to that of superintendent.

During his residence here Prof. Alexander has made many friends who will be pleased to learn of his advancement, but regret to lose him from the city.

### CHANGED TO PADUCAH.

This Is Now the Legal Headquarters for Ayer-Lord Tie Co.

The Ayer-Lord Tie Co. has established its state headquarters in Paducah, moving it from Fulton, but the change has no special significance. The state law requires every corporation to have a state office and a representative on whom all legal processes may be served. This state office has heretofore been at Fulton, and Mr. Charles Savage was the company's legal representative for Kentucky. The company has now changed its headquarters to Paducah, and Attorney C. C. Grassham, the company's attorney, has been designated as state agent for the company on whom all processes must be served.

## PITTSBURG SERIES ENDED YESTERDAY

The Youngster Aggregation Belonging to Mr. Dreyfus' Team

Defeated Paducah in the Presence of Over 1,000 People at the Park Yesterday—Potts Out of Game.

### THE LATE BASEBALL DOPE

The Pittsburg Colts defeated the Indians at Wallace park yesterday afternoon by a score of 7 to 2, the Colts getting their scores through errors on the part of the Indians, whose lineup was broken by the illness of Potts, second baseman.

The game was witnessed by over a thousand people the Island Queen having brought up a number of Cairo fans to see the game.

Taylor came in from center field and covered second base. O'Hara, one of the Toledo players who was left here, played center field and Vehrenhorst covered first. Lloyd played right and this break in the lineup was the chief factor in the victory of the Colts.

Platt and Brahe both pitched well, allowing but three hits each. Goodwin worked admirably and also did Linderman, only three hits being secured off them.

The game was featureless as far as good playing is concerned and ends the Pittsburg series here.

The summary follows:  
Ings. 1 2 3 4 5 6 7 8 9—r h e  
Pad. 0 0 0 0 0 0 2 0 0—2 3 10  
Pitts. 2 0 1 0 1 0 0 2 1—7 6 2  
Earned runs, Pittsburg 1, Paducah 1; sacrifice hits, McBride 2, Peitz 2, Leaver 1; double plays, Howard to McBride to Lee; left on bases, Paducah 4 Pittsburg 5; passed balls, Peitz 1; hit by pitched ball, McClain by Goodwin; hits off Platt 3 Brahe 3, Linderman 2, Goodwin 1; struck out by Goodwin 5 Linderman 1, Platt 5; bases on balls, off Goodwin 3, Linderman 1; time of game, 1:35; umpire, Adams of Cairo.

The five Toledo players left here by Manager Finn when he went on his southern tour, left last night for Princeton where they met the regular team en route to Evansville.

O'Hara, Lee Wilder and Blackburn, are the youngsters whose fate Manager Finn will decide when he gets to Toledo. It is said that Blackburn has made good but O'Hara, Wilder, Lee and possibly Catcher Clark will be dropped out. Lloyd is after Blackburn if Finn turns him loose, but chances for this are slim.

Cairo is also after what Toledo players she can get and is still negotiating with Finn trying to secure one or two.

Potts' absence from the lineup is felt.

Gilligan, Perry and Potts work with exact mechanical skill, it seems, and Lloyd should hustle up that first baseman and practice the infield perfectly before the season opens.

Because of the working of the Toledo team here and the several exhibition games played by the big league teams, the Indians have had a good chance to get a few pointers and will introduce a few big league tricks in the Kitty this season.

The next exhibition games played here will be Friday and Saturday when Memphis comes.

Land threw Goodwin out at first yesterday when he made an attempt to steal second. Land was so quick and threw to first catching the runner as he tried to get back to the sack.

Saturday afternoon the Pittsburg bunch defeated Paducah by a score of 10 to 3 in a slow game.

The regular Pittsburg team is playing in Louisville at present. Mr. Dreyfus left last night to join his bunch.

Rochester, N. Y., defeated Evansville Saturday at Evansville. Freeman pitched part of the game and Shuster umpired.

The Memphis team, of the Southern League, defeated Toledo at Memphis Sunday 11 to 0. Hurlbut and Brown were the battery for the Memphis, and Camnitz and Clark for Toledo.

The Centrals defeated the Famous team at the depot grounds Sunday morning by a score of 9 to 3. The batteries were: Centrals—Sutherland, and Smith; Famous—Brown, and Jones. Sutherland's pitching

for the Centrals was the feature of the game. He struck out 14 men out of the 27, one man over half the batters to face the twirler in nine innings. This makes two victories for the Centrals over the Famous out of three games, but are practice games and will not count in the city league.

The regular city league season will probably start Sunday, as all uniforms will be by that time in. The Centrals and Famous teams have uniforms on the road and the L. A. team will receive its uniforms this week. The 1905 team will use the old Redman Union uniforms with new letters. These four teams will compose the city league.

The Evansville papers yesterday say Freeman did fine work and had the big leaguers puzzled. He was put in the box towards the last of the game, and had fine control and speed.

Smith, a first baseman from Georgetown, O., and Doyle, an outfielder from Nashville, arrived this morning to try out with the Indians. The team is weak on these places

only and if the new men "make" good" Paducah will have about the fastest team in the Kitty league from present indications.

The Indians will practice hard this week, both in morning and afternoon and by the opening of the league season will have a permanent line-up and be ready for the battle to begin.

In regard to what is to become of Barney Dreyfus' extra men, it is practically settled that Paducah will get none of them. Both Toledo and Minneapolis are said to be after Goodwin, who last season pitched for Vincennes, but Mr. Dreyfus will not decide whether or not to let him go until after he has seen Manager Fred Clarke. Mr. Dreyfus will have a dozen or more youngsters to dispose of, but they must all be paid the same salaries he is paying them, and this Paducah could not afford to do.

### EQUALIZATION BOARD.

Meets in Frankfort Tomorrow to Consider Assessment in First District.

The state board of equalization meets tomorrow at Frankfort for the purpose of taking preliminary action as to the counties of the First appellate district. Ten days' notice will be given counties, which must be raised or dates fixed for rehearing should their officials desire it.

This district is composed of McCracken, Ballard, Carlisle, Calloway, Caldwell, Christian, Crittenden, Graves, Hickman, Henderson, Hopkins, Livingston, Lyon, Marshall, Union and Webster.

### To Rebuild I. C. Water Plant.

Mr. Clarence Knowles, superintendent of water supply of the Louisville division of the I. C., went up the road this morning on an inspection. Mr. Knowles has received the bill for supplies en route here which will be used in rebuilding the water plant at the union depot. The new plant will be installed as soon as the material arrives and will enable the employees to water trains in two or three minutes.

## We Paid \$100,000

For Liquezone, Yet We Give You a 50c. Bottle Free.

We paid \$100,000 for the American rights to Liquezone; the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others. We cured all kinds of germ diseases with it—thousands of the most difficult cases obtainable. We proved that in germ troubles it always accomplishes what medicine cannot do. Now we ask you to try it—try it at our expense. Test it as we did; see what it does. Then you will use it always, as we do, and as millions of others do. You will use it, not only to get well, but to keep well. And it will save nearly all of your sickness.

### Kills Inside Germs.

Liquezone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Liquezone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Liquezone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquezone its worth to humanity. And that worth is so great that we have spent over one million dollars to supply the first bottle free to each sick one we learned of.

### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquezone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

## \$25,000 LOSS

AT THE BLAZE AT FIRST AND KENTUCKY AVENUE.

Only Partly Covered by Insurance—  
Plenty of Water Pressure Was Afforded.

The fire briefly mentioned in the Sun Saturday destroyed about \$25,000 worth of property at First and Kentucky avenue. The blaze started in the rear of the Bradley saloon and its origin is unknown.

It spread rapidly after being discovered by Chief Engineer John Holmes, of the water company, and Van Meter's stables, with four horses, two wagons and much feed, were destroyed, before Mr. Van Meter could even get his books from the safe.

Michael Brothers' collar shop on the corner was burned, the Jackson Foundry & Machine Co.'s store house and office next door, was burned, together with a small frame building owned by Mrs. Forshee.

The losses were about as follows, with insurance:

Jackson Foundry & Machine Co., loss \$12,000, with \$3,000 insurance.

Michael Bros., loss \$8,000, stock and building, no insurance.

Robert Owen, owner of stable building, loss \$3,000; \$1,000 insurance.

Van Meter, loss \$2,000, fully covered by insurance.

Mrs. Forshee, loss \$500.

Paducah Steam Heating Co., pipe valued at \$600.

Fire Chief James J. Wood and Supt. Muscoe Burnett, of the Paducah Water company, both deny the report published Sunday that there was insufficient water pressure, and that the fire was not properly handled.

"The fire occupied less than half an hour's time," said Chief Wood. "We had all the water pressure we could use and fought it as well as it could be fought. It was simply one of those fires that can't be put out, and all the water in the Ohio river wouldn't have done us any good. There was a strong wind at the time blowing the flames directly into Michael's, which was mainly responsible for the quick, destructive blaze."

Supt. Burnett stated that the water pressure was good, and so did Chief Wood. In fact, hundreds of

Urinary disorders quickly follow.  
Diabetes and finally Bright's Disease.

Don't take this course. Follow the advice of a Paducah citizen, H. L. Blackford, of 615 Washington street, carpenter by trade, says: "It occurred to me when reading a notice about Doan's Kidney Pills that if they performed half what they promised they might cure my kidney complaint which annoyed me in shape of backache. I went to DuBois, Kolb & Co.'s drugstore, got a box as commenced the treatment. If it had not benefited me I never would have bought a second, and if the second had not brought undoubted results I could not be induced to recommend Doan's Kidney Pills to friends and acquaintances personally, much less publicly."

people saw the firemen throw water on a light pole that caught fire, and extinguished it, and the pole is twenty feet higher than any of the buildings. The pressure of all the streams was the same. It could not be otherwise unless purposely cut off from one or more streams. The windows broken were broken by irresponsible persons, according to Supt. Burnett. Soon after the fire broke out, it is said, a lot of hoodlums ran about breaking out the windows with stones.

Insurance Commissioner C. C. Rose said that the Paducah fire department and its work were satisfactory to the insurance men, and that he was at Saturday's fire, and was of the opinion that the firemen prevented a disastrous conflagration, and that nothing could have saved the buildings that burned.

One of the buildings was considered such a fire trap that no risks would be taken on it by any of the insurance companies.

The No. 4 fire department was called to 909 Ohio street Sunday afternoon at 3 o'clock to extinguish a small blaze in the coal house. The fire originated from hot ashes and little damage was done.

Through an error it was stated a negro cabin at 8th and Bohman streets was partially burned Friday morning. The house was the residence of Mrs. George Mills, and was only slightly damaged.

## CIRCUS COMING.

The Forepaugh-Sells Brothers' Show  
Due May 10.

"Don't forget the grand free exhibition at the grounds just after the parade. Come one, come all. Follow the procession."

This and similar expressions familiar of circus day will be heard in Paducah one month from today, when the Forepaugh-Sells Brothers' circus will be in Paducah.

This is one of the biggest shows on the road, and its first advance men are now in the city. It was last winter sold and bought in by the circus magnates who own several of the other big shows.

It will be the largest circus in Paducah in several years. Wallace's circus was here last year, but it is not as large as the Forepaugh-Sells Brothers.

The advertising cars will begin arriving next week and come at intervals until May 10, the day of the circus.

## An Interesting Volume.

Robt. E. Hughes secretary of the Kentucky commission to the Louisiana Purchase Exposition, at the direction of the commission, has sent out an interesting report of the commission. It is in book form and entitled "Kentucky at the World's Fair, St. Louis, 1904." It is a report in detail of the work of the commission and contains views of the building as well as views of all the prominent displays from Kentucky in the different buildings, the contributors to the fund for the exhibits and building as well as a history of the exhibits and a list of exhibitors. It is a volume that will be of great interest to all who are interested in the history of the state.

## STREET CLEANING WILL BE STARTED

A Department to be Established in a Few Days.

Effort to Be Made to Keep Streets Clean—Third Street Project to Be Temporarily Stopped.

## TOO MUCH "MONKEY BUSINESS"

The board of public works is preparing to establish a street cleaning department and take steps to keep the paved thoroughfares clean. The new sweeper and sprinkler are here and ready for use, and the board will immediately take the necessary steps to organize the department.

"We hope," said one member today, "that during the summer we can keep these brick and bitulithic streets satisfactorily clean and damp."

The department will contain an adequate force, but it is not known at present how many. Capt. Newt Roberts will likely be the foreman of the department. He did good work for the board last summer.

The board of public works will stop "fooling" with Third street, a member stated this morning, and at once prepare to have the other streets to be paved this year, prepared. Third street has caused more trouble and delay than all the other streets combined, and unless some amicable agreement is reached with the street car company, it is not known when the work will be started. "Maybe not in two years," said a member of the board today.

It will require three days alone for City Engineer Washington to change the specifications and leave out the car track foundation which the board of aldermen ordered him to do. The council will have to act on it, however, before the specifications are changed.

It is likely a called session of the council will be held this week, perhaps today or tomorrow, to settle the dispute.

The Nashville Roofing and Paving company today began the work of finishing Broadway, which was prevented last fall by cold weather. Supt. Nichols is here with a force of men and the roller and other machinery has been here for several days. President Ingram and Mr. Warren will arrive this afternoon from Nashville, and it is expected that the work will be completed within a week.

The city today began using its new roller at Ninth and Adams streets and will after the completion of work there begin tearing up and rolling Tennessee street.

The board of public works will this afternoon at 4 o'clock go out to inspect Clark street from Ninth to Tenth with a view to passing on it so it can be formally received. The job is said to be a good one, and is a big improvement for that part of the city.

Today Mayor D. A. Yeiser and Fire Chief James J. Wood served notice on Michael Brothers that the walls left standing at First and Kentucky streets after the fire Saturday were dangerous, and if they are not torn at once the city will do the work at the owners' expense. They will be given six hours in which to comply and will have the walls torn down.

The new city hospital is now complete, the key is in the door, and tomorrow morning at 10 o'clock it will be inspected by the city's representatives and the mayor is expected to call a meeting of the general council at once to select two members for the hospital board, both of whom will be doctors, and to provide funds for furnishing the new building. It is probable this meeting will be called for tomorrow night.

## To Put in New Machinery.

Mr. Wm. Eades, the mine operator, went to Hillside mines this morning to superintend the installation of new machinery.

Mr. Eades' company is preparing to put in \$10,000 worth of new machinery and will open a new shaft making the underground haul very short. The machinery is nearly all on hand and will be put up immediately.

## FLOWER THIEF

Is Causing Complaint On North Side—Plants and Bulbs Dug Up.

Depredations of a new kind of a thief are beginning to be reported in Paducah, and the chances are that the culprit will soon be in the toils.

A number of people have had flowers stolen from their yards, principally tulips and hyacinths. In some instances only the blooms were taken, but in others the bulbs were dug up and carried away.

Mr. Julius Weil, the well-known drummer, is a great lover of flowers and had at his home at Seventh and Madison streets a fine assortment of fine tulips and hyacinths which cost many dollars.

He arrived a few days ago after a three-months' trip, and expected to find all of them in bloom. A night or two before he arrived someone entered his yard and took them every one away.

A similar thing occurred in the yards of Mr. Sol Dreyfus, a block away.

These gentlemen have been informed that a negro girl has been disposing of bulbs and was seen with an apron full of them, supposed to have been the ones stolen.

An effort will be made to apprehend and properly punish this human rival of the town cow.

Floriculturists say it is bad enough to have yards and flowers damaged by cows, without having to contend with human thieves who take away roots and all.

## Engine Goes Over New Bridge.

The new Thebes, Ill., bridge has been so nearly completed that the last pin in the structural work was driven Saturday afternoon at 5:55 o'clock and amid a din of whistles the event was fittingly celebrated. The first engine passed over the

bridge Thursday afternoon. Mr. H.A. Williamson, agent at Cairo for the Cotton Belt, has been made superintendent of the bridge.

## OUR FIRE PROTECTION

It is quite likely that Paducah's fire protection has been attacked enough in late years without trying to understate it now, after so many thousands of dollars have been expended in improving and extending it.

We have good fire protection. There are now four stations, while for many years there was but one, and we have in addition the latest and most improved equipment. We have a force of stationmen, under the direction of a chief and assistants who have spent years in the service, and know their business far better than any of those who criticize them could possibly know it.

The water pressure here is ample at all times to throw a stream over the tallest building, and when there is an alarm of fire it sounds in the water company's power house at the same instant it sounds in the fire stations, and enables the company in a few seconds to put on the fire pressure.

There are naturally people at every fire who, in their own estimation could put it out much better than the firemen, but none of them has ever applied for a position in the department, and of course until they become members, their services are not available.

The fire Saturday was one of those kind that cannot be extinguished until they have burned themselves out. There was plenty of water pressure and plenty of men to apply it intelligently, but the character of material and the high wind rendered conditions such that all the water in the river would not have sufficed to subdue it after it was discovered.

As to the city needing fire engines, the idea is ridiculous. In cities where there are many sky scrapers, more pressure may be needed than a water system can afford, but here there is all the pressure needed.

Our fire protection is ample. The insurance men know it, for the department has been built up according to their own plans, and the city has done everything an exacting insurance trust asked, spending \$25,000 or \$30,000 within the last year.

So let's not try to give our own fire protection a blackeye just when everyone has begun to try to build up Paducah and bring in new industries and more citizens, especially as there is absolutely no justification for it.

Write who do not live here and send your name to the editor.

detrimental to the fire department and the city's fire protection.

## OIL ON ROADS AND STREETS.

Jackson, Tenn., is to make a test of oiled roads and streets under the supervision of the city and county engineer, and the U. S. government to demonstrate whether Beaumont Texas, oil has any value used in that capacity or not.

The oil, to the amount of 2,000 barrels, has been donated by the producers and the Tennessee Cotton Oil company of Jackson, has donated the use of its cars for the transportation. The test will be made jointly with the U. S. government and will be watched with interest by county and city officials everywhere. Especially should the experiment be of interest to Paducah and McCracken county officials, as many of them have for a long time claimed that our streets, treated with oil, would make the ideal road.

Jackson has spent a good deal of money on its roads in the past two or three years, building over forty miles of new roads. Gravel was used and now it is the intention to oil them.

The mayor is alleged to be uncertain about where the money should come from for the storm water sewerage on certain streets. When the administration gets "uncertain," it usually means needless delay, and it is to be hoped that the mayor will be convinced by some one that he is wrong. At any rate we have an attorney paid to furnish the city with whatever information is necessary in matters of this kind, and someone should advise the mayor to leave legal questions to the city's legal advisor. It is especially advisable in view of the many past "legal decisions" of the mayor, none of which, so far as we are able to learn, was ever upheld by a court.

Paducah has taken a step that is in advance of Owensboro, and one which this city should imitate as soon as possible, says the Owensboro Inquirer. The council has passed and the mayor has signed an ordinance requiring every lot within the sewerage district to be connected with a sewer by a standard connection within three years from the date of the ordinance. The only objection to the ordinance is that the time is too long and much damage may be done by lack of sewerage in that time. There is little hope that the present council will pass any such beneficial ordinance for Owensboro.

If the board of works desires to keep the streets clean and free from trash and dirt, the way to do it is not by publishing a warning in the papers, but by getting warrants. A stiff fine or two will do more to break up this abominable practice than all the notices that could be put in the papers. Not until such offenders are hauled before the courts and made to pay will they stop the nuisance.

## CHURCH MEETINGS OPEN AND CLOSE

Rev. Pinkerton's Revival Came to End Last Night.

Rev. Bass Begins Protracted Meeting at Tenth Street Christian Church.

## NEWS OF OTHER CHURCHES.

Rev. J. S. Cheek arrived last week from Russellville and is now regularly in charge of the First Baptist church here. He filled his pulpit yesterday, preaching to large congregations. Dr. Cheek is a man of fine address and ability, and has made a most favorable impression on all who have heard him. His sermons yesterday are pronounced very fine.

Only two weeks of Lent remain. Yesterday was Passion Sunday and next Sunday will be Palm Sunday and the following Sunday Easter.

Rev. David C. Wright, of Grace Episcopal church, yesterday gave his final sermons of the series on the Ten Commandments. In the morning his subject was "Gossip and Slander" and at night "Discontent," being strong and forcible expositions of the Ninth and Tenth commandments along the line of practical daily living. These sermons of Mr. Wright have received much notice and have attracted many beside his own parishioners, indicating an earnest desire on the part of people for practical themes.

The men's service yesterday afternoon at 3:30 o'clock at the Y. M. C. A. was addressed by W. W. Armstrong of the Trimble Street Methodist church on "One Thing Thrown Lackest." Mr. Armstrong made a strong personal talk and was heard with much interest.

The Bible class under the leadership of General Secretary Godfrey, met at 2:30 o'clock. This has been changed from Monday night. Mr. Godfrey's experience in Bible work and study makes him an especially fine leader, and his enthusiasm carries his class with him.

The board of trustees of Temple Israel met yesterday and extended an invitation to Rabbi Kratzenwicht of Owensboro, to come to Paducah and deliver a lecture Friday or Sunday, whichever date will suit him better.

Next Sunday will be celebrated as "Sunday School Day" at the Broadway Methodist church, and elaborate preparations are being planned to make the day a most successful one. Rev. T. J. Newell's morning sermon will be to the children and young people. A large choir from the Sunday school will render the music. Mrs. S. H. Winstead will preside at the organ.

The Grace church Guild will meet with Mrs. J. E. Baker of West Jefferson street on Wednesday afternoon. The Friends' Society of Grace Episcopal church meets on Wednesday afternoon with Miss Lillie Burdine.

Rev. B. W. Bass of the Tenth Street Christian church yesterday began a revival service at his church, that will continue indefinitely. Mr. Bass has lately taken charge of this church, coming from Louisville, and is a strong and earnest preacher. He preached yesterday morning on "The 4 Roads to Success," and at night on "A Glorious Theology."

Yesterday's services at the First Christian church were largely attended. Rev. W. H. Pinkerton

Just any day is a good time to buy men's clothing in our store. Our prices are always what the Broadway merchants would term "special prices."

We sell you a suit for \$7.50 and you pay \$10 for the same thing elsewhere. For \$12.50 we sell you a suit for which you pay \$15 elsewhere.

It's poor economy that doesn't prompt you, then, to let us sell you your spring suit.

preached in the morning on "The Sun and Shield of Life" and at night on "The Plea of the 20th Century," and the subjects were well handled. Rev. P. M. Kendall sang for the evening solo "I Shall Know My Saviour." Last night closed the three weeks' revival services and the church was crowded. There were two additions yesterday. There has been great interest during this meeting and about forty professions in all.

Rev. P. M. Kendall, of Columbus, Ind., who has been assisting Rev. W. H. Pinkerton in the meeting at the First Christian church, will tonight deliver his lecture on "Egypt" with stereopticon illustrations at the church. Mr. Kendall is a pleasant speaker as well as singing well, and has made many friends while here. He will no doubt have a large crowd out at the lecture, which is highly spoken of at other places where delivered.

## IN THE COURTS

**No Agreement Made.**  
The attorneys for the prosecution deny the absurd claim that they agreed to allow Mrs. Brockwell to get a life sentence for killing her three children. They have little to do with such cases, as a jury fixes the punishment on conviction. It is not believed, and is not likely, however, that any jury could be found who would impose the death sentence on a woman in Kentucky. It is not yet known whether her attorneys will attempt to clear her on an insanity plea. Attorneys Hal Corbett, C. C. Grassham and Wheeler Campbell will defend her when the trial is called Thursday, and have not outlined the defense.

**Taken to Tennessee.**  
K. D. Suell, a contractor, was arrested here Saturday night by Sheriff A. P. Edwards, of Paris, Tenn., on a charge of abducting his step-niece, Della Woodall, of Mansfield, Tenn. It is alleged that he took her to Franklin, Tenn., on April 2. Suell agreed to return to Tennessee at once, and says there is nothing in the charge. He alleges he simply took the young lady to Franklin to visit relatives and her father became incensed because his permission was not secured. Suell was arrested at Franklin last Monday, but was released, and came Paducah, where he was again arrested, the girl's father, it is said, afterwards deciding to prosecute.

## Getting Ready for Federal Court.

Deputy U. S. Marshal George Saunders passed through the city this morning en route to Princeton to summon witnesses to appear before the federal grand jury which will empaneled at the government building Monday morning at the convening of the April term of federal court.

Marshal George Saunders has just finished summoning witnesses in the case of T. W. Franklin against Dr. Whitehead, for alleged malpractice, a case which was sent up from Fulton county. There are sixty witnesses in this case which will prove to be the most important case on the civil docket.

## Civil Circuit Court.

The case of the American Sugar Refining Co. against I. Nauhelm was dismissed and settled.

A judgment for sale was filed in the case of Nichols & Shepherd Co. against C. P. Matlock and others.

## Police Court.

Katie Reed, Alfred and Lubby Boyd, colored, were arraigned before Police Judge D. L. Sanders this morning on the charge of stealing cakes, eggs, ham, steak and provisions from Mrs. Robertson. The evidence was partially heard, and the case left open.

Jesse Clark, Dude Stone and Geo. Brown, colored, were arraigned for disorderly conduct. Brown was dismissed and the other two fined \$10 and costs each.

Other cases were: James McCloud, Robert Williams, colored, sleeping in box cars, \$5 and costs each; Tom Ross, white, drunk, \$1 and costs; Frank Potts, white, drunk, \$1 and costs; Charles Leverter, colored, disorderly, \$20 and costs each and recognized for their good behavior towards each other; Tom Clark, white, drunk, \$1 and costs; Charles Leverter, colored, breach of peace, continued; Mark Red, Warner Williams, colored, breach of peace, dismissed as to Red and continued as to Williams; Jesse McKay, disorderly conduct, \$20 and costs.

## Circuit Court.

Wilson Dunlap, colored, was this morning found guilty of housebreaking and given one year in the penitentiary.

Dunlap with several other negroes, are alleged to have broken into the chicken house of Henderson Oden, colored, of the North Side, and stole about a dozen fine chickens. The defendants were held over from police court and Dunlap the first tried. Harry Hannon, colored, was indicted with Dunlap but his case has been continued. It is the first conviction here under the new law making chicken stealing a felony.

John A. Williams, J. M. Beasley and Harry M. Cunningham were excused as grand jurors and W. N. Hines, S. E. Allen and W. G. Anderson substituted.

Marcus Martin W. H. Hand, W. E. Ham, J. H. Bryant, J. W. Harris and J. W. Abernathy were excused as petit jurors and H. M. Orme, L. B. Durrett, T. F. Anderson, G. J. Brigman, W. H. Manley and J. W. Orr substituted.

Ed Cox was fined \$25 and costs for a breach of the peace. He is the man who unmercifully beat up his wife, Ollie Cox, and Lucy Augustus on Red Row on the North Side, several weeks ago. The woman had to be brought into court on a stretcher, when the preliminary hearing was held.

Bernice Melton and Lewis Hamner, white, accused of stealing over \$60 from William Reynolds, a steamboat man, were tried and acquitted today.

## County Court.

County Judge R. T. Lightfoot this morning convened county court but little business was transacted.

The bond of Road Supervisor Bert Johnson was accepted.

The estate of C. B. Brandon was placed in the hands of the public administrator, Mrs. Lula Brandon, the wife, waiving rights to qualify as administratrix.

W. J. Abrams deeded to J. D. Mockett power of attorney.

The following settlements were ordered recorded: A. N. Sears, guardian for Dallas Green Clay; F. G. Rudolph guardian for Geo. R. Egbert; J. A. Rudy, guardian for Wm. Mulkins; F. G. Rudolph, administrator of John Cook.

The following settlements were ordered to lie over: Cecil Reed, administrator of Amanda R. Durrett; J. P. Segenfelder and H. G. Tandy, administrators of John Segenfelder; H. F. Foster, guardian for Wilbur Lee Thompson; Mary A. Pettit, guardian for Ira C. Pettit.

The case of Lucas against the Paducah Coopers Co. and Ferguson & Palmer, in which the auditor's agent attempts to collect back taxes, were dismissed in county court because the plaintiff failed to state exactly what he was suing on.

The following appraisements of

personal estates were filed for record:

H. C. Allison, life insurance, \$6,300; bank stock, \$12,657; notes, \$8,937; farm tools, \$57; tobacco crop, \$60; maple crop, \$60; total \$28,091.

W. B. Gholson, personal property, \$145.

J. W. Coles, personal property, at \$40.

A. G. Budds, personal property at \$635.25.

Henry Schmidt, stock groceries, saloon fixtures etc. and other personal property, \$5,733.

Adam Welkert, saloon stock, personal property, etc., \$88.50.

### CHILDREN AFFECTED

#### By Mother's Food and Drink.

Many babies have been launched into life with constitutions weakened by disease taken in with their mother's milk. Mothers cannot be too careful as to the food they use while nursing their babies. The experience of a Kansas City mother is a case in point:

"I was a great coffee drinker from a child, and thought I could not eat a meal without it. But I found at last it was doing me harm. For years I had been troubled with dizziness, spots before my eyes and pain in my heart, to which was added, two years ago, a chronic sour stomach. The baby was born 7 months ago, and almost from the beginning, it, too, suffered from sour stomach. She was taking it from me!

"In my distress I consulted a friend of more experience than mine, and she told me to quit coffee, that coffee did not make good milk, I have since ascertained that it really dries up the milk.

"So, I quit coffee, and tried tea and at last cocoa. But they did not agree with me. Then I turned to Postum Coffee with the happiest results. It proved to be the very thing I needed. It not only agreed perfectly with baby and myself, but it increased the flow of my milk. My husband then quit coffee and used Postum, quickly got well of the dyspepsia with which he had been troubled. I no longer suffer from dizziness, blind spells, pain in my heart or sour stomach. Postum has cured them.

"Now we all drink Postum from my husband to my seven months' old baby. It has proved to be the best hot drink we have ever used. We would not give up Postum for the best coffee we ever drank." Name given by Postum Co., Battle Creek, Mich.

## DEATHS

WELL KNOWN RESIDENTS OF LIVINGSTON AND LYON COUNTIES DEAD.

Mrs. Smith Boyd Dies in Paducah After a Three Weeks' Illness of Pneumonia.

Victims of Pneumonia.  
Mrs. Smith Boyd died Saturday afternoon late of pneumonia at the home of her father, Mr. C. W. Morrison, 12th and Burnett streets, after a three-weeks' illness. The deceased was thirty-two years old, and was born in Graves county, coming to this county with her parents twenty years ago, she was married to Mr. Boyd ten years ago and he and two children survive her, besides her parents, two sisters and two brothers. The funeral took place yesterday afternoon at 5 o'clock from the Trimble street Methodist church, burial at Oak Grove. The deceased was a Christian woman of many lovable traits and leaves many friends to mourn her death.

Died in St. Louis.  
Mr. James Jackson, a brother of Messrs. George and J. S. Jackson, of Paducah, died at St. Louis Friday, aged 67. He was unmarried and leaves another brother, Mr. William Jackson, of St. Louis. The funeral took place yesterday.

Died in Livingston.  
James Shelby, one of the oldest citizens in Livingston county, died of smallpox after a brief illness at his home near Pickneyville. He was 80 years of age, and was a descendant of former Governor Shelby, and leaves a wife and one son. Mr. Shelby was an uncle of County Attorney Eugene Graves and Dr. W. T. Graves, of Paducah. The funeral took place yesterday.

Death in Lyon County.  
News reached the city today of the death at Eddyville from apoplexy Saturday night of Mr. J. H. Catlett, aged 82, a half-brother of Mr. Geo. Catlett, the well-known Princeton editor. The deceased had lived in Lyon county all his life and was never married.

He died Saturday night, but it was not known until he was found Sunday morning. The funeral took place yesterday.

**THEY WANT TO BE CERTAIN**

It is reported that several teachers in the Paducah public schools who are not satisfied with the rules governing pay and will not apply for positions this year.

Teachers are paid now by the class certificate held and several who do not hold high certificates are talking of resigning. It is only talk however thus far and nothing definite will be known until the board gets ready to elect teachers. An attempt will be made to elect teachers before the close of school, but at present the board has so much other work on its hands that no action will be taken at present.

Contractor B. T. Davis, of the firm of Davis, Dunlap, Chamblin & Murray, thinks that he does not have to resign the office of school trustee to fill the contract his firm secured to build a school house in Mechanicsburg.

Mr. Davis stated this morning that he did not place the bid as an individual but the firm placed it and he did not think the board could refuse to award it. Mr. Davis stated this morning that he was simply saying nothing and left the matter in the hands of the school board.

The board will probably act on this matter tomorrow night when a special meeting will be held.

The school board has turned down the proposition of Messrs. C. K. Wheeler and W. P. Hummel, who represented eastern capitalists desiring to buy the school property at Fifth and Kentucky avenue, but if the right kind of agreement can be reached, the board might be prevailed upon to reconsider its action and vote an option to the capitalists.

An official stated this morning that the school board did not want to turn loose the property if there was a possible chance it was being bought for speculation, and if it was sure the capitalists intended putting up a \$100,000 office building would probably sell for \$22,500. He stated that the agreement the capitalists wanted to make was that they would erect a structure not less than five stories high, but the present building could be improved by another story and dormer windows and with the cupola would make five stories, and the board decided to go slowly in the matter.

If the capitalists will enter into an agreement to erect the office building at a cost of not less than \$100,000 the board would sell, but it is not known what the capitalists' inclination is relative to this matter. They have written their local representatives, Messrs. Wheeler and Hummel, however, that they will not give \$25,000 for the property.

Supt. C. M. Leib thinks that this year the school census will show a large increase over last year if the reports of the enumerators so far can be relied on.

One enumerator stated that he had been out one week but noticed a marked increase in the school population. In the same portion of his ward this year he listed many more school children than last year, more school children than last year, and thinks one ward will run ahead of last year by nearly 40 school children.

Other enumerators report indications of an increase and the reports are gratifying to the school officers. As every school child means more money to the city school, the trustees and officials are anxious that nobody be missed and have especially instructed the enumerators to look carefully to their work.

After this work is gotten well under way, it will become easier. There seems to be a great deal of interest taken in this move of organizing in the county by the rural merchants.

**THE DIRECTORS**

For the Illinois Central's New Branch Into Golconda.

More information has been received in regard to the branch line to be built for the Illinois Central from Shawneetown to Golconda, Ill.

The name of the corporation is the Fairview transportation company, and its capital stock is nominally placed at \$50,000. The principal office is to be at Golconda. It is proposed to construct the road from Shawneetown, through the counties of Gallatin, Hardin and Pope to Golconda, where it will join the main line, with a branch from Fairview mine in Hardin county to the shore of the Ohio river, in that county. The incorporators and first board of directors are: John M. Jackson and F. H. Higgins of Rosi, Hardin county, and J. L. Murphy, William H. Moore and Thomas Barrow of Golconda.

## CHAPTER XI.

THE sailor knew so accurately the position of his reliable sentinels that he could follow each phase of the imaginary conflict on the other side of the island. The first outbreak of desultory firing died away amidst a chorus of protest from every feathered inhabitant of the isle, so Jenks assumed that the Dyaks had gathered again on the beach after riddling the scarecrows with bullets or slashing them with their heavy razor edged swords.

A hasty council was probably held, and, notwithstanding their fear of the silent company in the hollow, an advance was ultimately made along the beach. Within a few yards they encountered the invisible cord of the third spring gun. There was a report and another fierce outbreak of musketry. This was enough. Not a man would move a step nearer that abode of the dead. The next commotion arose on the ridge near the North cape.

"At this rate of progress," said Jenks to the girl, "they will not reach our house until daylight."

"I almost wish they were here," was the quiet reply. "I find this waiting and listening to be trying to the nerves."

They were lying on a number of ragged garments hastily spread on the ledge and peering intently into the moonlit area of Prospect park. The great rock itself was shrouded in somber shadows. Even if they stood up none could see them from the ground, so dense was the darkness enveloping them.

He turned slightly and took her hand. It was cool and moist. It no more trembled than his own.

"The Dyaks are far more scared than you," he murmured, with a laugh. "Cruel and courageous as they are, they dare not face a spook."

"Then what a pity it is we cannot conjure up a ghost for their benefit. All the spirits I have ever read about were ridiculous. Why cannot one be useful occasionally?"

The question set him thinking. Unknown to the girl the materials for a dramatic apparition were hidden amid the bushes near the well. He nudged his brains to remember the stage effects of juvenile days, but these needed limelight, blue flares, mirrors, phosphorus.

The absurdity of hoping to devise any such accessories while perched on a ledge in a remote island, a larger reef of the thousands in the China sea, tickled him.

"What is it?" asked Iris.

He repeated his list of missing stage properties. They had nothing to do but wait, and people in the very crux and maelstrom of existence usually discuss trivial things.

"I don't know anything about phosphorus," said the girl, "but you can obtain queer results from sulphur, and there is an old box of Norwegian matches resting at this moment on the shelf in my room. Don't you remember? They were in your pocket, and you were going to throw them away. Why, what are you doing?"

For Jenks had cast the rope ladder loose and was evidently about to descend.

"Have no fear," he said. "I will not be away five minutes."

"If you are going down I must come with you. I will not be left here alone."

"Please do not stop me," he whispered earnestly. "You must not come. I will take no risk whatever. If you remain here you can warn me instantly. With both of us on the ground we will incur real danger. I want you to keep a sharp lookout toward Turtle beach in case the Dyaks come that way. Those who are crossing the island will not reach us for a long time."

She yielded, though unwillingly. She was tremulous with anxiety on his account.

He vanished without another word. She next saw him in the moonlight near the well. He was rustling among the shrubs, and he returned to the rock with something white in his arms, which he seemingly deposited at the mouth of the cave. He went back to the well and carried another similar burden. Then he ran toward the house. The doorway was not visible from the ledge, and she passed a few horrible moments until a low hiss beneath caught her ear. She could tell by the creek of the rope ladder that he was ascending. At last he reached her side, and she murmured, with a gasping sob:

"Don't go away again. I cannot stand it."

He thought it best to soothe her agitation by arousing interest. Still hauling in the ladder with one hand, he held out the other, on which luminous wisps were writhing like glowworms' ghosts.

"You are responsible," he said. "You gave me an excellent idea, and I was obliged to carry it out."

"What have you done?"

"Arranged a fearsome bogey in the cave."

"But how?"

"It was not exactly a pleasant operation, but the only laws of necessity are those which must be broken."

She understood that he did not wish her to question him further. Perhaps curiosity, now that he was safe, might have vanquished her terror and led to another demand for enlightenment, but at that instant the sound of an angry voice and the crunching of coral away to the left drove all else from her mind.

"They are coming by way of the beach, after all," whispered Jenks. He was mistaken in a sense. Another outbreak of intermittent firing among the trees on the north side of the ridge showed that some at least of the Dyaks were advancing by their former route. The appearance of the Dyak chief on the flat belt of shingle, with his right arm slung across his breast, accompanied by not more than half a dozen followers, showed that a few hardy spirits had dared to pass the valley of death, with all its nameless terrors.

They advanced cautiously enough, as though dreading a surprise. The chief carried a bright parang in his left

hand; the others were armed with guns, their swords being thrust through belts. Creeping forward on tiptoe, though their distant companions were making a tremendous row, they looked a murderous gang as they peered across the open space, now brilliantly illuminated by the moon.

Jenks had a sudden intuition that the right thing to do now was to shoot the whole party. He dismissed the thought at once. All his preparations were governed by the hope that the pirates might abandon their quest after hours of fruitless search. It would be most unwise, he told himself, to precipitate hostilities. Far better avoid a conflict altogether, if that were possible, than risk the immediate discovery of his inaccessible retreat.

In other words, he made a grave mistake, which shows how a man may err when overanxious by the danger of the woman he loves. The bold course was the right one. By killing the Dyak leader he would have deprived the enemy of the dominating influence in this campaign of revenge. When the main body, already much perturbed by the unseen and intangible agencies which opened fire at them in the wood, arrived in Prospect park to find only the dead bodies of their chief and his small force, their consternation could be turned into mad panic by a vigorous bombardment from the rock.

Probably in less than an hour after their landing the whole tribe would have rushed pell-mell to the boats, cursing the folly which led them to this devil haunted island. But it serves no good purpose to say what might have been. As it was, the Dyaks, silent now and moving with the utmost caution, passed the well and were about to approach the cave when one of them saw the house.

Instantly they changed their tactics. Retreating hastily to the shade of the opposite cliff, they seemed to await the coming of reinforcements. The sailor fancied that a messenger was dispatched by way of the north sands to hurry up the laggards, because the distant firing slackened, and five minutes later a fierce outbreak of yells among the trees to the right heralded a combined rush on the Belle Vue castle.

The noise made by the savages was so great, the screams of bewildered birds circling overhead so incessant, that Jenks was compelled to speak quite loudly when he said to Iris:

"They must think we sleep soundly not to be disturbed by the volleys they have fired already."

She would have answered, but he placed a restraining hand on her shoulder, for the Dyaks, quickly discovering that the hut was empty, ran toward the cave and thus came in full view.

As well as Jenks could judge the

band; the others were armed with guns, their swords being thrust through belts. Creeping forward on tiptoe, though their distant companions were making a tremendous row, they looked a murderous gang as they peered across the open space, now brilliantly illuminated by the moon.

## TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.

Six years ago I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.

R. H. CHAPMAN.  
1355 ML. Vernon Ave.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. Write us and our physicians will advise without any charge whatever. Our book on Rheumatism sent free.

from their companions. Forthwith there was a stampede toward the well, the cliff, the beaches, anywhere to get away from that awesome cavern where ghosts dwelt and men fell maimed at the very threshold. The sailor, leaning as far over the edge of the rock as the girl's expostulations would permit, heard a couple of men groaning beneath, while a third limped away with frantic and painful haste.

"What is it?" whispered Iris, eager herself to witness the tumult. "What has happened?"

"They have been routed by a box of matches and a few dried bones," he answered.

There was no time for further speech. He was absorbed in estimating the probable number of the Dyaks. Thus far he had seen about fifty. Moreover, he did not wish to acquaint Iris with the actual details of the artifice that had been so potent. Her allusion to the box of water sodden matches had given him the notion of utilizing as an active ally the bleached remains of the poor fellow who had long ago fallen a victim to this identical mob of earthshakers or their associates. He had gathered the principal bones from their resting place near the well, rubbed them with the ends of the matches after darning the sulphur again and arranged them with ghastly effect on the pile of rubbish at the farther end of the cave, creeping under the chevel de frise for the purpose.

But it serves no good purpose to say what might have been. As it was, the Dyaks, silent now and moving with the utmost caution, passed the well and were about to approach the cave when one of them saw the house.

Instantly they changed their tactics. Retreating hastily to the shade of the opposite cliff, they seemed to await the coming of reinforcements. The sailor fancied that a messenger was dispatched by way of the north sands to hurry up the laggards, because the distant firing slackened, and five minutes later a fierce outbreak of yells among the trees to the right heralded a combined rush on the Belle Vue castle.

The noise made by the savages was so great, the screams of bewildered birds circling overhead so incessant, that Jenks was compelled to speak quite loudly when he said to Iris:

"They must think we sleep soundly not to be disturbed by the volleys they have fired already."

She would have answered, but he placed a restraining hand on her shoulder, for the Dyaks, quickly discovering that the hut was empty, ran toward the cave and thus came in full view.

As well as Jenks could judge the

band; the others were armed with guns, their swords being thrust through belts. Creeping forward on tiptoe, though their distant companions were making a tremendous row, they looked a murderous gang as they peered across the open space, now brilliantly illuminated by the moon.

Jenks had a sudden intuition that the right thing to do now was to shoot the whole party. He dismissed the thought at once. All his preparations were governed by the hope that the pirates might abandon their quest after hours of fruitless search. It would be most unwise, he told himself, to precipitate hostilities. Far better avoid a conflict altogether, if that were possible, than risk the immediate discovery of his inaccessible retreat.

In other words, he made a grave mistake, which shows how a man may err when overanxious by the danger of the woman he loves. The bold course was the right one. By killing the Dyak leader he would have deprived the enemy of the dominating influence in this campaign of revenge. When the main body, already much perturbed by the unseen and intangible agencies which opened fire at them in the wood, arrived in Prospect park to find only the dead bodies of their chief and his small force, their consternation could be turned into mad panic by a vigorous bombardment from the rock.

Probably in less than an hour after their landing the whole tribe would have rushed pell-mell to the boats, cursing the folly which led them to this devil haunted island. But it serves no good purpose to say what might have been. As it was, the Dyaks, silent now and moving with the utmost caution, passed the well and were about to approach the cave when one of them saw the house.

## WELL PLEASED

FULTON DELIGHTED WITH VISIT OF PADUCAH EASTERN STAR.

Also Compliment the Address Made By Mr. Joe Randall, of Paducah.

The people of Fulton are pleased with the visit of the Eastern Star delegation from Paducah that organized a lodge there last Friday night, and the Fulton Leader says of it:

"The following are the visiting members of Esther Chapter No. 5, O. E. S., of Paducah, that assisted in organizing the new lodge:

"Messrs. and Mesdames C. H. Chamblin, E. N. E. Henson, Joe Randall, Fred Acker, Mesdames Kate Salisbury, Mollie Callist, George Holliday, Lora Johnston, Laura Giddison, Estella Rhoulard, May Frederick; Misses Emma Jones, Ethel Jones, Willie Ritter; Messrs. E. W. Whittemore, G. M. Stonebreaker, F. O. Wolfe, Warren Wiatt.

"To say the visitors understood the workings of this noble order is but putting it mildly. A number of very instructive talks were made explaining the origin of the Eastern Star.

"Perhaps the most eloquent talk of the evening was made by Mr. Joe Randall, he who made such an appropriate talk at the laying of the cornerstone of our new city hall. Those who heard Mr. Randall speak last night think he missed his calling and should be in our hall of congress instead of pulling the throttle of an engine.

"After all business had been transacted quite an agreeable surprise was sprung upon the lady members of the lodge. The gentlemen had made arrangements with Dahmke, the caterer, to serve refreshments, and the remainder of the evening was spent very sociably.

"The visitors returned to Paducah on the midnight train very much pleased with the hospitality of the local members."

Distance oft lends enchantment to a man's view of his wife's mother.

## Hayes' Beechwood Emulso-Hypo With Iron

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, do not feel like rising in the morning for the day's work, you need a bottle of this wonderful medicine. Do you want good rich red blood? Do you want the bloom to come back to the cheek? Are you convalescing after having fever, pneumonia or measles? Then you ought to take a bottle of EMULSO-HYPO. Its medicinal food that reaches every tissue in the body and builds you up. Taken in a little wine its as pleasant as cough syrup.

Read what the editor of the Meridian Star of Mississippi, A. G. Davis, writes under date of April 8:

"My mother took the Emulso-Hypo and has been greatly benefited. She is in better health than she has been in years."

J. W. Russell, county clerk of Hickman county, Tenn., writes:

"My wife has used several bottles of Emulso-Hypo with Iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking your Beechwood Emulso-Hypo with Iron, and has improved so much with one bottle I have no doubt by continuance she will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly, G. T. SULLIVAN.

## FUQUA'S LETTER TICKLED THE TRUST

Wanting for Sometime to Work Under New Contract.

All the Old Contracts to Furnish School Books in Kentucky Counties Now to Be Cancelled.

McCRACKEN IS ONE OF THEM

The letter sent out from Frankfort by State School Superintendent Fuqua Saturday in regard to the cancellation of old contracts with the American Book Co. is apparently just what the book company wanted.

This concern, often called a trust, had many contracts in various counties in the state when the recently enacted uniform school book went into effect, and its old contracts were good until they expired. In many counties these old contracts had from one to three years to run, and McCracken county is one of them.

Sometime ago a suit against the company for a forfeiture of its \$10,000 bond was brought in Mason county, and its bond was declared forfeited and the decision a few days ago affirmed by the court of appeals. The law requires that a book company furnishing books to the state, must put up a \$10,000 bond with the state, and now that this \$10,000 for the older contracts was confiscated by the state, the American Book company has refused to put up another \$10,000 bond for the old contracts, and as a result the state superintendent has ordered that all the old contracts be cancelled and the books be bought under the new contract.

The American Book company, which also has the new contract, thus now begins furnishing a cheaper grade of books under its new five year contract, and it is said to be just what it wanted.

In fact an agent was here a week ago in connection with the cancellation of the old contract in McCracken and said his company desired to furnish books under the new uniform state law contract.

One reason this was not done long ago by the company was that the company could not make the books fast enough to supply all the counties in the state. It is said to make a better profit on the cheap grade of books furnished under the new contract than it has been making under the old.

The state superintendent's letter will accordingly have no effect in McCracken or any of the other counties except to enable the company to furnish the cheaper books under its five year contract. Old contracts in about eighty counties of the state will be forfeited under the order issued by State Superintendent Fuqua, and cheaper books furnished under the new.

## WEDDINGS

DATE OF LOUISVILLE WEDDING HAS BEEN SET.

Paducah Man Weds in St. Louis Tomorrow—Paducah Couple Marries in Metropolis.

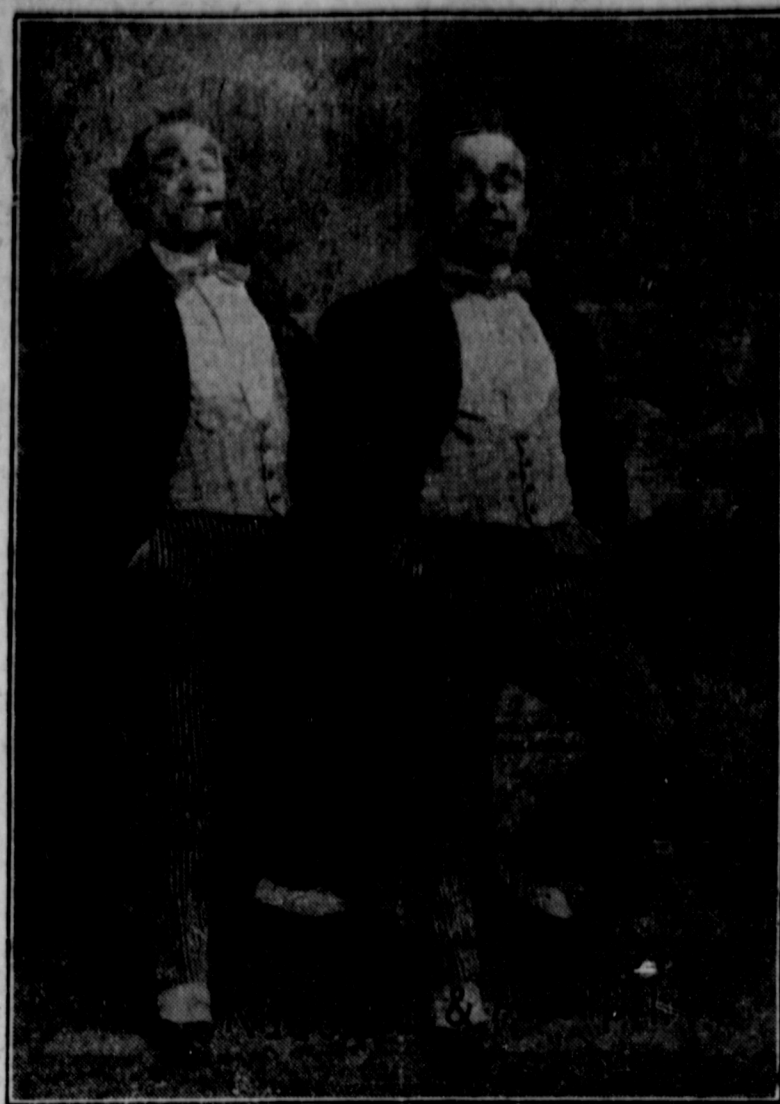

The Sunday Courier-Journal gives the details of the approaching wedding of Miss Mildred Vaughan, of that city, announced some time since. Miss Vaughan is related to many prominent Paducahans, being a niece of Mr. Sol Vaughan and the late Mr. Edward Vaughan, of this city.

"On Saturday afternoon, April 29, at 4 o'clock, Miss Mildred Randolph Vaughan and Mr. Albert Everts Speed will be married at the home of the bride's parents, Mr. and Mrs. Q. D. Vaughan, of 1125 Third avenue. It will be a small home wedding, with just the closest friends of the families and the relatives present.

"Miss Mary Tyler Woodruff will be the maid of honor and the best man will be Mr. Richard Menefee. The bridesmaids will be Miss Annie May Woodruff and Miss Madeline Bridgeford. Mr. J. J. Menefee and Mr. John Clancy will be the groomsmen.

"Upon their return from their wedding trip the couple will make

Post, Sherry, Blackberry, Virginia Dare and Escapement Wines  
**SLEETH'S DRUG STORE**

their home with Mr. and Mrs. Vaughan for the present. There will be a number of entertainments given the bridal party during Easter week."

The wedding of Miss Edna Speer, of Chicago, to Mr. Robert N. Dow, of Wisconsin, will take place tomorrow at the Hyde Park Methodist church, Chicago. It will be an elaborate wedding, with five bridesmaids and a maid of honor. The bridesmaids will wear white crepe de chine and the maid of honor green chiffon. The bride will wear white.

Miss Speer is very attractive and has often visited her cousins, the Misses Sowell, on West Broadway. Both Miss Mary K. Sowell and Miss Caroline Sowell are bridesmaids, and left last week for Chicago.

The marriage of Dr. William T. Polk, of Pine Bluff, Ark., formerly of Paducah, to Miss Evelyn E. Singletary, of Wilson, La., will take place at the bride's home, Wednesday evening at 8 o'clock.

The couple will arrive in Paducah on April 15 to visit Dr. Polk's parents, Mr. and Mrs. L. T. Polk, of the city.

Mr. Abe Maroffsky left yesterday for St. Louis, where tomorrow he will be married to Miss Esther Hymes, a sister of his former wife, who died a year ago. They will arrive in Paducah Wednesday afternoon.

Mr. J. S. Hamilton, aged 23, and Miss Leona Shelton, aged 21, went to Metropolis Saturday afternoon and were married by Justice Thomas Liggott, at his office. They were accompanied by Mrs. Porter Ross, of the city.

### POLICE BOARD

May Have Investigation or Two On Hand.

The board of fire and police commissioners will meet in regular session tonight and several investigations may be made.

It is said that two firemen may be investigated, one stationman for drinking too much and another for making election bets and refusing to pay, or to turn over the money held for election bets. The commissioners will have little to do other than the investigations the remainder of the business being merely routine.
